Cathleen Francois has been a student of alternative theory, medicines, and metaphysics for 28 years. Trained in many modalities including aromatherapy, Bio-Touch, Reiki, sound therapy, color therapy, chakra balancing, and divination techniques, her preference and main art form is Quantum-Touch®. She has lived in various states and in Canada, including the southwest where she became fascinated with aromatherapy, native shamanism, and Quantum-Touch®. She is glad to be home in her native state of Michigan to teach all that she has learned.

Julie Lemond is a highly intuitive and accomplished educator (B.A.E., M.Ed.) and Quantum-Touch® practitioner/instructor who uses energy methods to resolve emotional and physical pain. She empowers her clients and students by teaching them to use their intuitive capabilities, affirmations, and chakra work to further emotional well-being. Her warm, loving presence creates a safe and caring atmosphere in which to benefit from and learn Quantum-Touch®. Julie is passionate about working with quantum life-force energy to empower others to heal themselves and continues her journey into the healing arts.

What people are saying about Quantum-Touch® Workshops:

I can use this in combination with other techniques, thus enhancing all. Just loved the instructor-very enthusiastic and upbeat, bright, cheery, and knowledgeable.

J.R., Grand Blanc, MI

The instructor was very patient, very real to talk to and understand. A true individual that shows and radiates light. It gave me better background basics in the healing fields, breathing techniques, and chakras. This will take my healing work to a different level.

C.G., Holly, MI

This was an excellent experience for me. It was as far from things I've done before as anything could be, and it definitely had a powerful effect on me for the good. I will be thinking about what I felt for some time.
